# SITUATION SUMMARY

## Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

### Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

### **Situation Overview**

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

- **CDPH Statewide Travel Advisory**

As of 04/02/21, CDPH and the CDC recommend delaying travel until persons are fully vaccinated. For more information visit: <https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/COVID-19/Travel-Advisory.aspx>

On 04/21/21, the State Operations Center (SOC) changed the reporting tempo for the COVID-19 Sit Stat and Trifold Reports from daily to once a week. Updated reports can be expected every Tuesday of each week until further notice.

# **SITUATION SUMMARY**

## **Coronavirus Disease 2019 (COVID-19) (Continued)**

### **Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 06/15/21 at 1715 hours:**

- 177,200,692 (+2,628,233) total confirmed cases
- 3,832,346 (+75,660) total deaths

### **Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 06/15/21 at 1715 hours:**

- 33,303,285 (+95,797) total confirmed cases
- 597,594 (+2,293) total deaths

### **Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 06/15/21 at 1715 hours:**

- 3,697,927 (+6,267) total confirmed cases

### **COVID-19 Vaccines Administered – Per Vaccine Task Force as of 06/15/21 at 1715 hours:**

- 39,789,490 (+1,137,292) vaccines administered
- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details

## **Phase II Activation of the Heat Contingency Plan**

Phase II of the California Heat Contingency Plan was activated on June 16, 2021 through Sunday, June 20, 2021 due to forecasts of dangerous and excessive heat for portions of Inland, Coastal, and Southern Regions. State agencies will be contacted for actions in accordance to the Heat Contingency Plan.

- A widespread and long duration heat wave will continue across much of the state through the weekend. High temperatures will range from 100 to 110 degrees across the Central Valley, while inland areas of southern California range from 100 to 120 degrees, even hotter near Death Valley. These temperatures will be dangerous for a large segment of the population and the potential to significantly increase heat related illnesses, particularly for those working outdoors, participating in outdoor activities, and those who are heat sensitive. Elevated to locally critical fire weather conditions can also be expected along and east of the Sierra, as well as interior locations across Southern California through the weekend, as winds gust 25-40+ mph at times and very dry weather continues.

## **California State of Emergency Proclamation**

On 06/17/21, Governor Gavin Newsom Proclaimed a State of Emergency for California, as a result of the June Extreme Heat Event that began on 06/16/2021 to free up additional energy capacity. Refer to <https://www.gov.ca.gov/wp-content/uploads/2021/06/6.17.21-Extreme-Heat-proclamation.pdf> for more information.

# **SITUATION SUMMARY**

## **Cal OES INLAND REGION**

### **Teviston CSD Water System Failure, Tulare County**

On Monday, 6/14/21, Tulare County OES reported a water system failure in the community of Teviston, which has 110 service connections and a population of approximately 348.

- Tulare County OES coordinated the delivery of bottled water to each residence, which should provide enough water through the weekend and through the Excessive Heat Warning weather event. Participating agencies included several Tulare County departments, Self Help Enterprises, Community Services Employment Training (CSET), and Cal OES Inland Region.
- Refer to Situation Cell Incident Report for detailed Weather Watches and Warnings.

## **Cal OES COASTAL REGION**

- Refer to Situation Cell Incident Report for detailed Weather Watches and Warnings.

## **Cal OES SOUTHERN REGION**

- Refer to Situation Cell Incident Report for detailed Weather Watches and Warnings.

### Cal OES Fire Preparedness Levels

National	Northern California	Southern California
Preparedness Level 2	Preparedness Level 2	Preparedness Level 2
	Multi-Agency Coordination System MACS Mode: 2	Multi-Agency Coordination System MACS Mode: 2

**Note:** The National and Regional Preparedness Levels are maintained by the National Multi-Agency Coordination (MAC) Group and are separate from Cal OES activation levels.

#### Cal OES Fire Missions

**2019-FIRE-402:** California National Guard (CNG) personnel assigned to fuel reduction efforts in CAL FIRE Units: Shasta/Trinity, Nevada/Yuba/Placer, San Benito/Monterey and Fresno/Kings.

- 5 CNG 20-person Hand Crew to support CAL FIRE (to include all necessary personnel, support, transportation and materials).
- 65 additional soldiers to be trained and ready to backfill.
- Assigned to fuel reduction efforts in SHU, NEU, BEU, and FKU (1 crew in each unit with the exception of 2 crews in FKU).

#### Prepositioned Resources:

The following resources have been requested by the local Operational Areas and approved via the California State Mutual Aid Pre-Incident Preparedness Guidelines.

#### **Region I:**

- **Los Angeles County:** XLB: 2 Local Government Strike Teams (10 Local Government Type 1 Engines) Start Date: 06/15/21, 0800 hours
  - Approved Extension through 06/19/20 ([Released 06/19/21, 0800 hours](#))
- **Santa Barbara County:** XSB: 1 Local Government Strike Team (5 Local Government Type 3 Engines), 1 Local Government Type 1 Water Tender, 1 Local Government Type 1 Crew, 1 Dispatcher. Start Date: 06/14/21, 1200 hours for 48 hours
  - Approved Extension through 06/18/20 ([Released 06/19/21, 0800 hours](#))

#### **Region VI:**

- **San Bernardino County:** XBO: 1 Local Government Strike Team (5 Local Government Type 3 Engines), 1 Local Government Type 2 IA Crew Start Date: 06/17/21, 0800 ([Released 06/19/21, 0800 hours](#))

# MAJOR ROAD / HIGHWAY / BRIDGE CLOSURES

## Lifeline Route Closures

Northern California	Central California	Southern California
No Lifeline Route Closures	No Lifeline Route Closures	No Lifeline Route Closures

### Lifeline Routes:

- There are no lifeline route closures.

### Non-Lifeline Routes:

- Click [here](#) for a list of current road closures.

### Wildfire Closures:

- Plumas County: State Route 70 was closed from Meadow Way in Portola to 2.1 miles east of Portola at Grizzly Road due to a vegetation fire. The route reopened 06/18/21 at approximately 1935 hours.
- Solano County: Interstate 680 was closed to southbound traffic 1 mile south of Fairfield at Marshview Road due to a brush fire. The route reopened 06/18/21 at approximately 2058 hours.
- Los Angeles County: Interstate 10 was closed to westbound traffic at the Junction of Interstate 405 in Los Angeles/ due to a traffic collision. The route reopened 06/19/21 at approximately 0420 hours.
- Lake County: State Route 20 was closed from 1 mile east of the Junction of State Route 29 to 0.7 miles west of Nice due to a brush fire. The route reopened 06/17/21 at approximately 1900 hours.

### Emergency Center Activations:

- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details.

# CALIFORNIA 911 SYSTEM

## California 911 Outages

Northern California	Central California	Southern California
No 911 Outages	No 911 Outages	No 911 Outages

### 9-1-1 Outage/Remote/Community Isolation

#### Community Isolation, Hollywood Area, Los Angeles County (Final)

**Update #2:** AT&T has reported that the Community Isolation affecting VoIP and Wireline users in the Hollywood area of Los Angeles (zip code: 90028) is affecting 450 users, which is below the major outage reporting threshold, therefore, this will be the final report on this outage. **Update #1:** AT&T has reported that the Community Isolation affecting 51,154 VoIP and Wireline users in the Hollywood area of Los Angeles (zip code: 90028) is still ongoing. **Initial:** AT&T has reported a Community Isolation affecting 51,154 VoIP and Wireline users in the Hollywood area of Los Angeles (zip code: 90028). The cause is unknown at this time.

- Time Outage Started: 06/17/2021 1411 hours
- Time Outage Reported: 06/17/2021 1517 hours
- Time of Resolution/Restoration: Estimated 06/17/2021 1611 hours
- Total Outage Time: N/A
- Jurisdiction Affected: Los Angeles Police Department
- Reason For Outage: Unknown
- Wireless Users Impacted: No
- Wireline and VoIP Users Impacted: Yes

#### Community Isolation, Tulare, Hanford, Tipton, Visalia, Fresno (Initial/Final)

Comcast has reported a Community Isolation affecting 3,303 VoIP users in the Tulare, Hanford, Tipton area (ZIP code: 93230, 93272, 93274).

- Comcast has reported additional areas affected for this Community Isolation affecting 6,569 VoIP users in the Tulare, Hanford, Tipton, Visalia, Fresno area (ZIP code: 93230, 93272, 93274, 93227, 93277, 93291, 93292, 93612, 93711).
- Time Outage Started: 06/18/2021 20:29 PM PT
- Time Outage Reported: 06/17/2021 21:09 PM PT
- Time of Resolution/Restoration: 06/19/21, 0004 hours
- Total Outage Time: 4 hours, 25 minutes
- Jurisdiction Affected: Tulare County Sheriff, Tulare PD, Hanford PD, King's County Sheriff, Fresno County Sheriff, Fresno PD, Visalia PD
- Reason For Outage: Unknown
- Wireless Users Impacted: No
- Wireline Users Impacted: No
- VoIP Users Impacted: Yes – 6,569 have been restored to service.

# **WEATHER OF CONCERN**

## **NORTHERN CALIFORNIA**

- Red Flag Warning remains in effect Saturday afternoon until night for portions of Modoc County.
- Excessive Heat Warnings for portions of interior Northern California, the San Joaquin Valley, Sierra Nevada foothills, Coastal Range, and Kern County mountains until Sunday evening.

## **SOUTHERN CALIFORNIA**

- The Excessive Heat Warning will remain in effect through the weekend across the region.
- Elevated fire weather conditions are expected over interior areas of southwest California through Monday.

### **Weather Advisories, Watches, and Warnings currently active in California:**

<http://www.wrh.noaa.gov/hazardSummary/?state=ca>

### **Active Weather Warnings, Watches and Advisories by County:**

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

# WEATHER KEY POINTS

06/19/21 - 06/25/21

## Saturday - Sunday

- Dry and hot weather will continue through the weekend
- A widespread and long-duration heat wave will continue across much of the state through the weekend
  - High temperatures will range from 100 to 110 degrees across the Central Valley, while inland areas of southern California range from 100 to 120 degrees, even hotter near Death Valley.
  - **These temperatures will be dangerous for a large segment of the population!**
  - Extreme heat will significantly increase the potential for heat related illnesses, particularly for those working outdoors, participating in outdoor activities, and those who are heat sensitive
- Elevated to locally critical fire weather conditions can also be expected along and east of the the Sierra, as well as interior locations across southern California through the weekend, as winds gust 25-40+ mph at times and very dry weather continues

## Monday - Friday

- Cooler and more seasonable daytime temperatures are expected through much of the work week, though moderate heat risk impacts will still be possible across inland portions of Southern Region
- Locally gusty winds will continue to be possible, including across interior southern California, though relative humidity values should be somewhat higher in most locations
- Isolated thunderstorms are possible over far northern California, near the Oregon border, Monday night through Wednesday, and across the Sierras Wednesday and Thursday

# CALIFORNIA WEATHER IMPACTS

# PRECIPITATION FORECAST

06/19/21 - 06/21/21

No significant precipitation is expected through Monday

Precipitation (inches)

# HEAT RISK FORECAST

06/19/21 - 06/21/21

**Saturday**

**Sunday**

**Monday**

Category	Level	Meaning	Category	Level	Meaning
Green	0	No Elevated Risk	Red	3	High Risk for much of the population, especially those who are heat sensitive and those without effective cooling and/or adequate hydration
Yellow	1	Low Risk for those extremely sensitive to heat, especially those without effective cooling and/or adequate hydration			
Orange	2	Moderate Risk for those who are sensitive to heat, especially those without effective cooling and/or adequate hydration	Magenta	4	Very High Risk for entire population due to long duration heat, with little to no relief overnight

# **WEATHER OUTLOOK**

**06/24/21 - 07/02/21**

## **6-10 Day Outlook (June 24 – June 28)**

### **Temperatures**

- Above normal temperatures are favored statewide

### **Precipitation**

- Near normal precipitation is favored across most of the state, with below normal precipitation favored for far northern California

## **8-14 Day Outlook (June 26 – July 2)**

### **Temperatures**

- Above normal temperatures are favored statewide

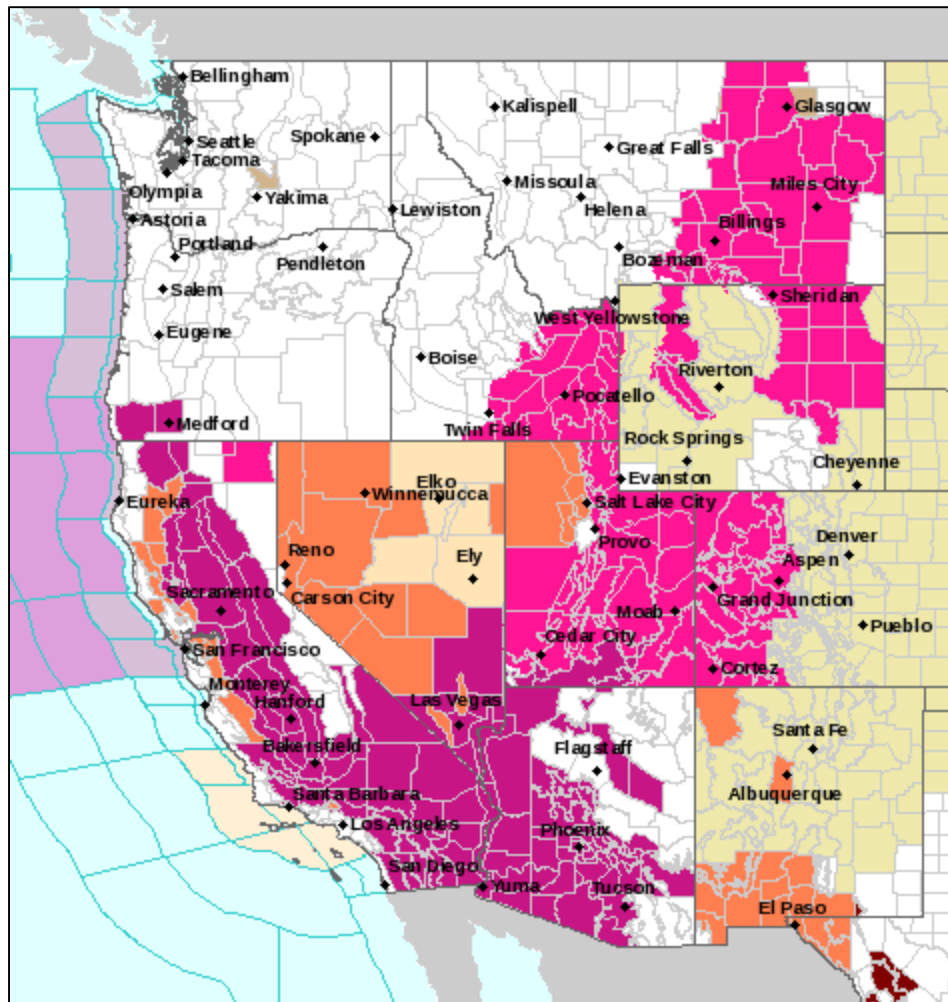

### **Precipitation**

- Near normal precipitation is favored across most of the state, with below normal precipitation favored for far northern California

**Cal OES**  
GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Missions

- **2021-LAW-65044, 06/18/21, 1552 hours:** The AFRCC reported a PLB device activation at coordinates 36 33.80 N, 118 16.73 W, plotting NW of Consultation Lake, Inyo County. With no ability to communicate thru the device, LDO spoke with the emergency contact (the R/O's father), who provided a full description of the R/O, his vehicle and his itinerary, confirming he was on a multi-day hike in the area of the activation, and was to conclude the next day (Saturday, 6/19). This information was relayed to Inyo SO SAR who plotted the activation to an active camp site. Due to the fire in the area, a response was delayed. A cell call from an uninvolved party advised 2 subjects had made contact with the R/O describing him as exhausted but otherwise fine. The R/O also relayed that he could not hike out and wanted a rescue. Inyo SO coordinated with a CHP helo to assist but they were diverted due to an emergency law enforcement related response in the desert. Given the totality of the circumstances (i.e. the fire, extended response time, R/O's condition, etc.), it was jointly decided to delay a response until Saturday morning. **MISSION ONGOING.**
- **2021-LAW-65004, 06/18/21, 0953 hours:** The IERCC reported multiple inReach device activations on the Mt. Whitney Trail in Inyo County at coordinates 36.571523N, -118.258982W. Several RO's, who were together, activated their devices to report on the fire burning in the area. LDO relayed information to Inyo SO SAR. After plotting their location, Inyo SAR determined they were not in danger of the fire and advised they could safely hike out of the area. **MISSION CLOSED.**
- **2021-LAW-64996 06/17/21, 0356 hours:** W/C called LDO regarding a Fresno SO request for a helicopter with an immediate response regarding a female with acute altitude sickness on the Mammoth Crest at 11K'. **0401** – LDO called Fresno SO SAR and was informed their helicopter is available at 0600 but the patient is worsening and needs immediate extraction. **0405** - call to CNG JOC who are unable to launch before 0600 as requested by Fresno. **0407** - call to AFRCC - briefed and checking on immediate availability of airship. **0425** - AFRCC advised that NAS Lemoore is available but their response time is similar to Fresno's. **0427** - Called Fresno SO who declined NAS asset due to similar launch times. They will go with own resources. **0428** - Called AFRCC to cancel. **MISSION CANCELLED.**

# Cal OES MISSION TASKINGS

## Cal OES Missions

- **2021-TACCOM-0422:** Kit-1 and HQ-10 of Sonim phones to Chico State and the CPUC for their annual Cellular speed test. Typical usage time is 30-45 days.
- **2021-TACCOM-061621:** Sonim Kit HQ3 assigned to OCFA to test Android phones for fire season. ETA Return is 10/21.

# *Cal* OES

---

GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
